DATE OF AGREEMENT:

October 2006

**A. INTRODUCTION**

Throughout this Cooperative Project Agreement (CPA) the following entities are referred to as follows:

Levelock Village Council	=	Council
Alaska Native Tribal Health Consortium	=	ANTHC
Division of Environmental Health and Engineering	=	DEHE
Denali Commission	=	Commission

The ANTHC, DEHE, role is to provide lasting solutions to promote healthy communities.

This CPA contains information about the project scope of work, funding, costs, and administration, and is being performed under the provisions of the following agreements:

- Memorandum of Understanding Between the Denali Commission and the Alaska Native Tribal Health Consortium, dated June 2006. This MOU defines the roles and responsibilities of each party.
- Denali Commission Financial Assistance Award Project No. 220-06, Amendment No. 1, dated September 2006.

**B. SCOPE OF PROJECT**

This project will complete the design studies and construction planning for a new health clinic in Levelock, Alaska. No construction will be performed under this project phase.

C. PROJECT COST

C 1. Cost Estimate Table

Job Type	Scope of Work	Qty	Units	Unit Cost	Total Cost
					Denali FY06
M-DS	Design health clinic	1	LS	110,000	110,000
<b>Levelock Award</b>					<b>\$110,000</b>
M-CB	ANTHC Support Services Charges				22,000
<b>Total Award</b>					<b>\$132,000</b>

C 2. Project Funding

Contributor	Fiscal Year	Description	Amount
<u>Denali Commission</u>	<u>Federal 2006</u>	<u>NA</u>	<u>\$ 132,000</u>
<b>TOTAL PROJECT FUNDING</b>			<b><u>\$ 132,000</u></b>

Denali Commission funding for this health facility improvement project has been made available to ANTHC through a separate Financial Assistance Award (FAA), or amendment or addendum to an existing FAA, between the Denali Commission and ANTHC. It is understood that funding transfers will be made to ANTHC incrementally. Project activities should not proceed until funding for each increment of work is available to ANTHC.

By signing this Agreement, the Council is assuring that matching funds from other contributing agencies, if applicable, shall be made available to the project. If in-kind or other funding sources are unavailable, project activities will be curtailed.

D. PROJECT ADMINISTRATION

In conformance with the Commission's Financial Assistance Award, the following project management methodology is selected by the Council:

The design shall be accomplished by ANTHC or its Contractor. ANTHC shall take responsibility for all project oversight, technical assistance, and management of the design process. It is anticipated that ANTHC will use one if its indefinite quantity architect and engineering contractors to complete site adaptation of the Denali Commission Prototype design for the provision of a primary care facility in Levelock, Alaska.

Design activities are expected to begin by October 2006 and be finished by May 2007.

This Agreement shall take effect upon signature by all parties and remain in effect until the expiration of the "performance period" specified within the Commission's Financial Assistance Award, or subsequent Amendment(s) or Addendum(s).

#### E. NATIONAL HISTORIC PRESERVATION ACT REQUIREMENTS

The National Historic Preservation Act (NHPA) provides for cultural resources identification and protection through avoidance or mitigation to avoid unnecessary disturbance of reported or known human burials. NHPA also requires tribes to be consulting parties if archeological discoveries are made during construction.

The Native American Graves Protection and Repatriation Act (NAGPRA) contains stipulations regarding the appropriate treatment and disposition of human burials, funerary, and associated items discovered on Federal lands or Indian Allotments. NAGPRA recognizes the inherent rights and claims of the Native people but often is inapplicable to ANTHC projects. For this reason, as a policy ANTHC recognizes the inherent rights and claims of the tribal entity when human remains and associated items are uncovered through construction projects.

Therefore, if construction for this project results in the discovery of ancient cultural items (i.e., human burials, associated items, and/or archaeological artifacts), ANTHC will ensure that the Levelock Village Council will be a consulting party. In addition, the following responsibilities are assumed by the project participant in order to comply with NHPA, NAGPRA, and ANTHC policy recognizing inherent rights and claims:

- Identifying any known or reported archaeological site, artifact, or ancient human remains to avoid unnecessary damage to sensitive resources.
- Delaying construction in the vicinity of a discovery until procedures in conformance with 36 CFR 800 are complete.
- Determining appropriate mitigation measures and performing all mitigation in conformance with 36 CFR 800.
- Ensuring an archaeologist, retained or employed by any party to facilitate construction operations, will view and document any and all cultural items discovered during excavation if an adverse effect determination has been made.

- Ensuring that if removal of ancient human remains is necessary, the archaeologist will remove the entire body and that unless the Levelock Village Council requests further study of the remains, tests upon or photographs of any ancient human remains will not occur unless specific, separate Agreements have been made with the Levelock Village Council.
- Contacting the Village Public Safety Officer if a modern human burial is discovered to determine if a criminal act can be identified. If the burial is from an archaeological context, the burial will be treated as archaeological remains and need not be treated as a scene of crime.
- Acknowledging that the Levelock Village Council assumes full responsibility for any and all cultural items discovered during excavation on all but private lands.
- Acknowledging that the Levelock Village Council reserves the inherent right to determine the appropriate disposition of any and all cultural items discovered during excavation on all but private lands.
- Acknowledging that the inherent claims or rights of the Levelock Village Council are not diminished by the fact that the land is under ownership by another party.
- Ensuring that if a discovery is made on Federal lands, Indian Allotment lands, or lands not yet conveyed to the Village or Regional Corporation, parties to facility construction operations shall comply with NAGPRA if appropriate.
- Acknowledging that all other inherent rights and claims regarding any and all cultural items discovered on any lands other than private lands during excavation for or in support of facility construction not expressly covered in these responsibilities are reserved to the Levelock Village Council alone.

#### F. AUTHORITY FOR APPROVAL

Upon signing this document, the ANTHC Chief Executive Officer delegates authority to sign all subsequent agreements related to this project to the Director of Regional Facilities Services, DEHE.

#### G. PROVISIONS FOR PROJECT COMPLETION

The following sections from the ANTHC, DEHE, Cooperative Project Agreement Provisions Manual for Health Facilities Projects (Orange Book), dated June 2003, are incorporated into this Agreement by reference; the manual is electronically available at <http://www.anthc.org/cs/dehe/vilctct/>. For the purposes of this Agreement, all references to "Local Participant" shall mean the Council.

- Section 1, "Provisions for All Cooperative Project Agreements"
- Section 2, "Provisions for ANTHC Management of Local Force Account Labor"
- Section 5, "Insurance and Indemnification Provisions for Force Account Labor Projects Managed by ANTHC or the Local Participant"
- Section 6, "Assurances for All Construction Programs" (Standard Form 424D)

## **MEMORANDUM**

**DATE:** October 2006

**FROM:** Environmental Coordinator

**SUBJECT:** Levelock – Preliminary Environmental Review  
Project No. AN 06-GE5

**TO:** FOR THE RECORD

An environmental review, in accordance with the National Environmental Policy Act (NEPA) and the National Historic Preservation Act (NHPA), is required for this project based upon proposed Federal funding for this project. The Alaska Native Tribal Health Consortium (ANTHC) has considered all potential environmental concerns (specific and cumulative effects) associated with this phase of the project in consultation with applicable federal, state, and local authorities. An Environmental Review has been completed with respect to the proposed health facilities planning project.

### **FINDINGS**

This environmental review finds that no further environmental investigation is necessary. It is recommended that the Denali Commission approve a determination of eligibility for categorical exclusion from the Environmental Assessment process for this project. Current IHS policy (Federal Register, Vol. 58, No. 3, January 6, 1993, pp. 569-572) allows for IHS categorical exclusions for certain projects. In particular, Section H, No. 4 allows for a categorical exclusion for projects to conduct "engineering studies and investigations including soil borings and test well drilling to gather data for the purpose of determining engineering feasibility and permit facility design." This project will complete such an investigation.

## SCOPE OF WORK

The scope of this project will complete the design studies and construction planning for a new health clinic in Levelock, Alaska. No construction work will be performed under this project. This project will include consideration of community needs, surveys, preliminary engineering evaluations, consideration of alternatives, and recommended facilities. The following field activities may be undertaken in order to complete the scope of this project:

- Site investigation by foot and through the use of locally available transportation (i.e. truck, ATV, snow machine, etc.)
- Ground and aerial surveying
- Soil boring and sampling of surface and subsurface soil
- Test well drilling and monitoring of test wells and existing wells
- Surface water testing and monitoring

## FUTURE NEEDS

The ANTHC agrees to comply with all applicable federal, state and local environmental laws, regulations, and requirements during all phases of the project, as well as obtain any necessary permits. This may entail performing an archaeological survey or the completion of an environmental assessment prior to construction, depending upon where the project is located and its size and scale.

## SUMMARY

The ANTHC has completed the environmental review with the scope of work outlined for this project. ANTHC will revisit this environmental review to determine if potential environmental concerns have been addressed if the scope changes.

Dear Ms. Rigg:

RE: Environmental Determinations

This letter is written by the Denali Commission (Commission) to indicate to the Alaska Native Tribal Health Consortium (ANTHC) that the course of action outlined in the environmental memorandum (attached) is appropriate for the following clinic projects:

Akhiok	06-GI0
Levelock	06-GE5
Craig	06-GF0
Skagway	06-GF9

Please contact Ms. Denali Daniels of my staff, [ddaniels@denali.gov](mailto:ddaniels@denali.gov), 271.1189, with any questions.

Sincerely,

A handwritten signature in black ink, appearing to be "Tessa L. D. Rinner", with a long, sweeping horizontal line extending to the right.
